"Sergeant Jensen called Sherif" Peter son on the phone and told him that they were expecting trouble at the gas plant and had not enough men available at that time to cope with the situation if troable of a serious nature occurred and asked if he could send some mers down to assist them. The sheriff said he would be glad to help in any way to enforce the law and protect the property of Ogden's citizens. He sent all the men he could get at that time as the others were out on other work. He sent the following deputies: Blackburn, Chadwick and Allen. "When we reached the gas plant the

crowd was collected mostly inside the yard and at the east end of the main building. The chief and Sergeant Jensen and other police officers w re there. As we approached the crowd we say Mr. Woodard place his hand on the chief's shoulder and say, "Isn't that right, Tom? The chief replied, "Yes." As to what they referred we do not know. I approached the chief and said, "Here we are chief. The sheriff told us to come to you and report and see what you wanted us to do and do it." He replied, "I am glad you came, but we have the situation well in hand and 60 not think we will need you." "As to the statement of the chief

Raise Your Calves on this World-Famed Milk-Substitute

DLATCHFORD'S CALF MEAL is the D original milk-substitute. It was the first on the market. For over one-third of a century it has been successfully used in raising calves by the most progressive farmers and dairymen in this country. It is the only calf meal backed by so remarkable a record.

Blatchford's CALF MEAL

The success of this milk-substitute is due to three things. Firstits quality. Blatchford's is above all a quality calf meal. Only the best materials are used in its manufacture. It contains no waste materials or by-products of low feeding value. Second-it contains all the nutritive and growth-producing properties required by the calf. The finest and healthiest of calves can be raised upon it. Third-it is economical. A pound makes a gallon of pure milksubstitute and it can be used at less than half the cost of using milk.
